

****System requirements are subject to change. Please test your computer at BrowserTest.HJeDesign.com****

Required Software

- Flash Player 9 (recommended: the latest version of Flash Player)
 - You can download Flash at: <http://www.adobe.com/products/flashplayer/>
 - You can check your Flash version at: http://kb.adobe.com/selfservice/viewContent.do?externalId=tn_15507
 - You must have permissions to install an ActiveX control (IE browser only).
 - The Google toolbar that comes with Flash is not needed. It is recommended to unclick the toolbar box when installing.
- Fully supported browsers: **Windows:** Internet Explorer 6+ and Firefox 1.5+. **MAC:** Firefox 1.5+ and Safari 1.2+. Other browsers use Flash 9, but may not support all eDesign functionality.
- Adobe Acrobat Reader 5.0 or better (for PDF viewing). This is N/A for the Demo.
- Adobe has minimum system requirements, which can be found at: <http://www.adobe.com/products/flashplayer/productinfo/systemregs/>
